ATTN: Paul Horick

Dear Paul:

In regards to the well we drilled for the City of Wayland, Iowa, we set 117' of 16" casing in a 20" hole for surface pipe. We set 1,328' of 10" casing in the 15" hole and drilled a 9-7/8" hole to 1,900'.

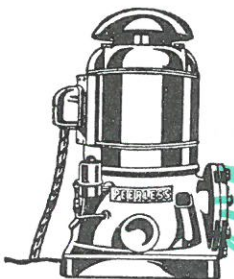

Trusting this is the information requested, we remain,

Yours truly,

VARNER WELL AND PUMP COMPANY
